

For our headquarters in Bingen am Rhein, we are looking for a

Specialist* Customs and Export Control full-time (m/f/d)

Your tasks

- ▶ **Customs clearance & compliance:** Independent handling of all customs procedures (import, export, intra-Community shipments) in compliance with all legal requirements.
- ▶ **Special and transit traffic:** Organization and control of special customs traffic (e.g., temporary use, ATA Carnet).
- ▶ **Export control:** Monitoring and compliance with all relevant export control regulations (goods lists, embargoes, dual-use goods).
- ▶ **Transport management:** Coordination and handling of international shipments (air freight, sea freight, road transport).
- ▶ **Authority management:** Administration of customs approvals at the relevant main customs office and communication with authorities (Chamber of Industry and Commerce, BAFA, customs offices).
- ▶ **Administration:** Performance of general administrative tasks in the department and maintenance of customs-related documentation.

Your profile

- ▶ You are a professional in the field of customs and logistics and would like to contribute your knowledge to an exciting, globally active technology company.
- ▶ You already have in-depth knowledge of import and export procedures (preferential rights, origin of goods, tariff classification).
- ▶ You already have practical experience in organizing and executing international shipments (air/sea/road).
- ▶ You are confident in using MS Office and ideally have knowledge of a common merchandise management/customs IT system.
- ▶ Very good written and spoken German and good written and spoken English.
- ▶ Experience in export control and dealing with special customs procedures is desirable.
- ▶ You have completed commercial training, preferably as a freight forwarding agent or have a comparable qualification.

What we offer

- ▶ A future-proof job with challenging, varied tasks in a unique working environment.
- ▶ Long-term employment with the opportunity to develop professionally and personally in our company.
- ▶ A challenging work environment with the opportunity to work with the latest technology.
- ▶ The opportunity to work with our branches and subsidiaries on international projects.
- ▶ Further training opportunities, such as language courses and software training.
- ▶ Exclusive benefits for employees/discounts (corporate benefits).
- ▶ Inter-company benefits such as company pension scheme, supplementary health insurance, and job bike.

What we do

Broadcast Solutions is one of Europe's largest system integrators for broadcast and media infrastructures. Founded in Germany in 2003, Broadcast Solutions stands for innovation and engineering services "Made in Germany". With subsidiaries in Europe and the Middle East, we realize projects worldwide and offer our services in all areas of broadcasting as well as content creation and distribution.

With more than 350 employees and as a manufacturer-independent system integrator, Broadcast Solutions offers its customers tailor-made solutions. We implement highly complex systems in the media sector that are characterized by innovation and technical leadership. With our products and systems, our customers create, produce and distribute content that is consumed worldwide. This includes the world's largest sporting events as well as media infrastructures in sport, broadcasting, industry and medicine that set national and European standards.
